Introduction

This document reflects donations made in the calendar year 2010.

In Advance ... we would like to apologize for any inaccuracies found in this report. This is the first attempt at gathering and documenting donation information for the Plymouth-Canton Community School District. Any inaccuracies were inadvertent and will be updated upon notification and verification.

We also know that above and beyond the financial contributions listed here, there are a countless number of donations made by members of our community though the gift of time. We have a seemingly unlimited supply of volunteers that work in our District every day of the year. And that support is invaluable and impossible to enumerate.

In addition, we know that every Athletic Team Booster Group, Club, PTO/PTA Organization, and Performing Arts Group receives financial backing from its supporters. Those donations are too numerous to list in a document like this, and therefore we issue a Global Thanks to all those who fall in that category. If you have any questions or updates concerning this document, please contact us at alumni@pccsmail.net.

Thank you.

People are at the core of the Plymouth-Canton Community Schools. It all begins, of course, with our wonderful students. From the first day of kindergarten through high school graduation, our children work diligently every day, hour and minute to obtain the knowledge they need to ensure success in this ever more complicated world.

Of course, they cannot get there without a dedicated teaching staff. And as the third largest school district in Michigan, ours has the most impressive knowledge base in the state.

Behind them are our support staffs. We have dedicated administrators, health specialists, counselors, transportation professionals, maintenance teams, coaches, secretaries, Board of Education and a Foundation (EEF) who every day ensure that our students have the best environment in which to learn.

And the backing from the families in our community, both those with children in our schools and those without, has always been the bedrock of our school district.

With that said, not all is perfect. For ten years now, funding from the State of Michigan (since the legislature took over public school finance in 1994) has not met the original promise. Because of that, our District has had to make millions of dollars of program cuts during that time period. And there is no improved prognosis for our balance sheet.

That is why charitable support from people like you is more important than ever. This document is a record of that financial assistance for the year 2010. The donations we receive support programs and materials that our state does not fund. Our children depend on that aid more and more every year. Please consider continuing and even increasing your gift in 2011. Our future depends on it.

As a snapshot of EEF's mission and those that support it, this report represents all the learning, dedication and relationships that worked together to improve the educational experience in classrooms throughout the District. We are pleased to deliver this information jointly with P-CCS to the community.

Parents, faculty, individuals and the local business community have worked together with the Educational Excellence Foundation to provide the ancillary funding for students to succeed in areas where traditional school funding provided by the State was unable to support.

Through fundraising events and direct support from dedicated individuals and corporate donors, the board of the foundation works to raise significant funds to support these "extras." Through grants to teachers for innovative classroom programming and providing summer school scholarships for at risk students from underserved families, the Educational Excellence Foundation provides opportunities for each student to succeed.

For those of you that have supported the Foundation, your personal contribution was crucial to the overall success of EEF. However large or small your gift, please consider continuing your donation. This will enable us to further our mission to enhance teaching and learning in the Plymouth-Canton Community Schools.

To learn more about the EEF or to make a pledge to support our efforts, please visit our website www.pccs.k12.mi.us/eef. The continued success of the Foundation and the District depends on you.

Every year, on the second Sunday in June, 1,500 high school students graduate from Plymouth-Canton Community Schools. For a significant percentage of those graduates, it will be the last contact that we will ever have with them. With that thought in mind in 2008, the District created the Plymouth-Canton Alumni Committee. Filled by employees and community members, most whom were also Alumni, the committee mapped out a plan to reach out, and bring our former students back into the Plymouth-Canton Family.

The first goal, completed in 2009 was the creation of the Alumni Website (alumni.plymouth-cantonschools.net). Filled with stories from current alumni, updates on former employees and an ever growing Historical Database (stories, photos and video), it is both an Archive of "What Was," an Information Center of "What Is" and a calendar for "What Will Be." Linked with Social Media like Twitter, the website can keep alumni in touch with our schools no matter where they are in the world.

Next, a semi-annual newsletter, containing stories both past and present, links to "ancient" artifacts, and news of upcoming events and reunions is sent via email to every alumnus who has provided contact information.

And finally, in 2010, the first ever School-Wide Alumni event was held. The "Gathering at the Gridiron" Tailgate Party took place before the Canton-Salem football game and attracted more than 400 former students and teachers. One class (1975) even used it as a launch to their reunion weekend. In 2011, the event will take place on Oct. 21 (<http://alumni.plymouth-cantonschools.net>)

Alumni are our District's backbone. With the foundation we have laid, and plans for future program growth, we now have a stronger bond with them than ever before.

Employee Giving

One Merriam-Webster Dictionary definition for the word "foundation" is as follows: "a basis upon which something stands or is supported." That description accurately describes the role played by the employees of the Plymouth-Canton Community. The teachers, administrators, bus drivers, custodians, secretaries, food service workers, and all others who work in and around our schools create the strong environment in which our students are able to learn and achieve.

To those identified in this document, who have generously given a financial gift to our district during our Annual Fund Drive, we say "Thank You." What cannot be listed here are the employees who donate their extra time, either during school or after, or that use their own money to provide extra supplies to the classroom. To them, we will forever be indebted.

Fundraising Events

The generous donors listed on the previous pages have given direct gifts to the Plymouth Canton Community Schools and the Education Excellence Foundation (EEF). However, many of our supporters donate by attending one of the fundraising events run by the District and the Foundation.

The following pages list those celebrations and the many community members who made them all successful.

EVENT DONORS

EVENING OF EXCELLENCE March 12, 2010
